

Sale or Return Agreement

Vet Direct offers a sale or return basis to allow you to return a particular piece of equipment if it is not fully fit for purpose within your own surgery environment.

In the event you wish to return this item, we ask that you agree to the terms and condition set out below:

- I. I/We agree that the equipment on sale or return will be returned within 14 days of delivery.
- II I/We agree prior to return the unit shall be cleaned, replaced neatly in the original packaging with a completed decontamination form and boxed securely for uplift by a courier arranged via Vet Direct.
- III I/ We agree to pay for the courier charge of £15.00 ex VAT to return the unit.
- IV I/We agree that any used consumables associated with the product will be charged on its return. *see appendix
- V I/We agree to pay a decontamination fee of £15.00 ex VAT if the unit is returned without being or to a sub-standard level of decontamination.
- VI I/We agree that should the item be returned to Vet Direct in a damaged condition whether due to inadequate packing or misuse and/or with parts missing (as per Packing List). The unit will be deemed as unfit for resale, no credit will be issued, the unit will be couriered back and I/we shall retain ownership.

I agree to the above terms on this sale or return agreement.
